Parking-St Saviour Way

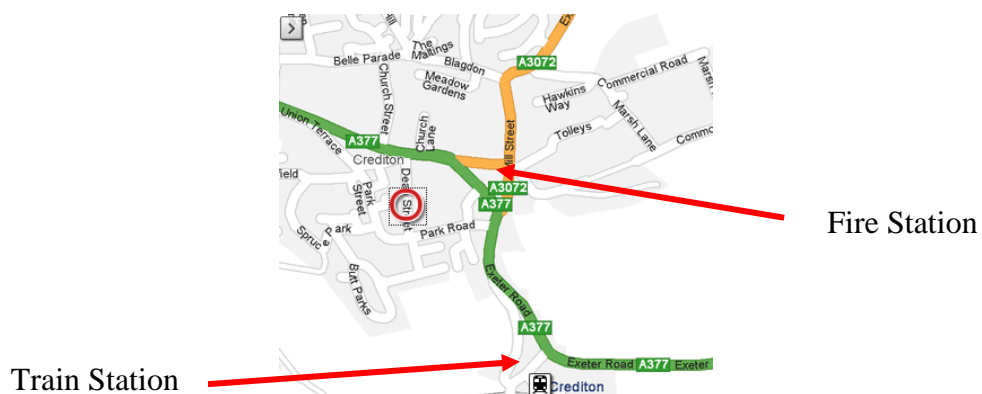

Training Venue

Information for parking and lunch

Parking is available in St Saviour Way, at £1.80 for the day. It's a tiny bit of a walk so if any of you do have mobility problems please contact me as soon as possible so I can try and arrange some alternative parking for you. This appears to be the only long term car park in Crediton but do please let us know if you have any additional information.

The entrance to the training room is around to the far left of the front of the building.

Lunch is available in numerous shops/bakers on the High Street. If you have any feedback on this information please let us know.
